

Squirrels Term 5

Welcome Back!

We hope you all had a wonderful break and are refreshed and ready for another fun and jam-packed term in Squirrels class!

This term in English we are going to look at stories by Jeanne Willis and Tony Ross with our focus book being 'A Tadpole's Promise'.

We will kick maths off with some position and direction followed by multiplication and division!

We hope we have some keen gardeners as Science is all about Spring and plants!

In History we will be looking at what makes a person significant.

In Art we will be exploring turning 2D into 3D sculpture!

In RE our key question is 'What makes some places sacred?'

Our PSHE topic is 'Aiming High.'

Our Music lessons this term we are delving deep into 'Our Imaginations' the recorders will be out again—please make sure they are in school bags.

In PE we will be practising our 'striking and fielding skills' which should be lots of fun!

As always, if you have any questions about any aspects of your child's learning, please do reach out to us.

Mrs Greenwood and the Squirrels team.

Home Learning

For home learning there will continue to be weekly phonics work and daily reading, as well as some consolidation work that may be added on Seesaw or sent home in bags. The termly home learning challenges will continue, we suggest that children do at least 5 of the 20 challenges and ideally try and complete one each week. There is no set date that work needs to be completed by but a new set of challenges will be issued each term. The Home Challenges can be found on Seesaw.

Any photographs, videos or responses to the homework can be uploaded onto Seesaw or children can bring their work into school. We love seeing what Squirrels have been up to!

Don't forget to check the SWAN for any details about special events and important dates for your diaries!
