

Badgers Newsletter

Term 4

We will be writing a chronological report where we are an explorer using our Book Week text .- Pierre the maze detective by Hiro Kamigaki and IC4Design. We have made explorer journals and are enjoying writing in them. Then we will be writing a Journey Tale in our Literacy sessions based on the African tale, Fly Eagle Fly by Christopher Gregorowski next

Your child needs to learn spellings every week—these are stuck in their Reading Record and are tested on Thursday afternoon. Please help your child to learn them—You can find some strategies on our class web page .

For **Numeracy** we are learning about fractions and decimals. Times tables and division knowledge is an essential skill for success in this unit, so please continue to learn Times tables and related division facts with your child.

A good way for your child to learn these is to use Times Tables Rock Stars. Their log in and password are in the back of their Reading Record.

If you wish to know more information about the June, Government Times tables check. You can find out more information here: <https://www.gov.uk/government/collections/multiplication-tables-check>

In Science this term we will be learning about the Human digestive system and teeth during our unit Animals including humans, yes we will be making pool!

During our DT sessions we will be using the knowledge we learnt during our Electricity unit in Science last term to help us design our own torches. If you have any broken torches or ones that you no longer use for us to take apart to look at the components and circuit. We would not be able to return any. Many thanks.
